

EASTERN CONNECTICUT HEALTH NETWORK POLICY AND PROCEDURE

TITLE: Financial Assistance Policy and Procedure

Policy: 500

TOPIC

Financial Assistance / Charity Care

ECHN is committed to providing financial assistance to persons who have healthcare needs and are uninsured, underinsured, ineligible for a government program, or otherwise unable to pay, for medically necessary care based on their individual financial situation. Consistent with their mission to deliver compassionate and high-quality healthcare services and to advocate those who are poor and disenfranchised, ECHN strives to ensure that the financial capacity of people who need health care services does not prevent them from seeking or receiving care.

In accordance with the Federal Poverty Level (FPL) guidelines, all other uninsured patient will not be charged more than the amount generally billed to insured patients for emergency or medically necessary care.

PURPOSE

To identify those patients that qualify for charitable assistance and to complete write-off procedures that is in keeping with state and federal regulations.

- A. ECHN is committed to providing financial assistance to persons who have health care needs and are uninsured, underinsured, ineligible for a government program, or otherwise unable to pay, for emergency or medically necessary care based on their individual financial situation.
- B. It is the policy of ECHN to provide Financial Assistance based on indigence or high medical expenses for patients who meet specified financial criteria and request such assistance. The purpose of the following policy is to describe how applications for Federal Assistance should be made, the criteria for eligibility, and the steps for processing each application.
- C. Financial assistance may be extended when a review of a patient's individual financial circumstances has been conducted and documented. This should include a review of the patient's existing medical expenses and obligations (including any accounts having gone to bad debt except those accounts that have gone to lawsuit and a judgment has been obtained) and any projected medical expenses. Financial Assistance Applications may be offered to patients whose accounts are with a collection agency and will apply only to those accounts on which a judgment has not been granted.
- D. Race, gender, sexual orientation, religious or political affiliation, social or immigration status will not be taken into consideration.
- E. To further ECHN's commitment to their mission to provide healthcare to patients seeking emergency care, ECHN will utilize an abbreviated application for financial assistance for their uninsured patients being seen in the Emergency Room. The patients eligible for this financial assistance must not be eligible for any other insurance benefits or have exhausted their insurance benefits, and do not have active medical assistance coverage. Eligibility will be granted in this case for the one visit only.
